Continuation of 5. does NOT place the application in condition for allowance because: of the reasons of record. Applicants argue that the combination of the two ingredients is counter intuitive. There is no evidence of this. Even if there were, the law is clear. If the ingredients are known individually in the art to be used for the same purpose, then to combine them for the same purpose is also obvious. Thus, sinc the law has been met, the combination is prima facie obvious.
